Summary

React & SharePoint Developer with 1+ years of experience in building modern web applications with React.js and developing custom SharePoint solutions. Skilled in frontend development, workflow automation, and API integrations. Passionate about solving real-world problems using technology and always eager to learn new frameworks..

Technical Skills

Languages & Runtimes	: JavaScript, TypeScript
Frameworks & Libraries	: React.js, Redux Toolkit, SharePoint SPFx, Bootstrap
Front-End Development	: HTML, CSS, Bootstrap
Back-End & APIs	: Node.js, Firebase, REST API, PnP.js,
Version Control & Tools	: Git, GitHub, Postman
Familiar With	: SharePoint Online, Power Automate, Microsoft 365

Experience

SharePoint & Power Automate Developer

TechnomaX Systems | Aug 2023 – Present

Developed and Implemented:

- **SharePoint Solutions:** Built custom SPFx web parts using REST APIs to enhance data accessibility and user experience.
- **Automated Business Processes:** Designed Power Automate workflows for list item retrieval, folder creation, email automation, and approval workflows.
- **Workflow & Data Integration:** Developed document management and approval solutions, ensuring seamless data flow and permissions handling.

Projects

REMO Leave Form (SharePoint SPFx)

Tech Used: SharePoint SPFx, REST API, Power Automate

- Developed a leave request form using SPFx, integrated with SharePoint lists for real-time data tracking.
- Automated approval workflows using **Power Automate** to streamline leave request processing.

RAK Ceramics - Power Automate Solutions

Tech Used: Power Automate, SharePoint

- **Implemented item-level permissions** to ensure data security in SharePoint lists.
- Automated the process of **adding external users as guests**, enabling seamless collaboration.

Trichy No.1 Auto - Freelance Project (React + Firebase)

[GitHub](#) - [Live](#)

Tech Used: React.js, Firebase

- Developed and deployed a full-fledged trip tracking system where prices are dynamically calculated based on kilometers traveled.
- Integrated **admin-only price modification**, ensuring restricted access to financial data.
- Implemented **authentication & responsive design**, making the platform accessible across devices.

EDUCATION

B.E-AUTOMOBILE ENGINEERING

KSR College of Engineering Tiruchengode | Completed in 2023
